1. DASHBOARD

Overview of all the data

■ DESCRIPTION:

The Dashboard module provides a comprehensive overview of all system data and

activities. It serves as the central hub for monitoring organizational performance and accessing key metrics at a glance.

■ KEY FEATURES:

1.1 Role-Based Dashboards

- CEO Dashboard: Executive summary with high-level KPIs
- Branch Manager Dashboard: Branch-specific performance metrics
- Loan Officer Dashboard: Loan portfolio and collection status
- Teller Dashboard: Daily transaction summary
- Accountant Dashboard: Financial overview and pending tasks
- Auditor Dashboard: Compliance and audit information
- System Admin Dashboard: System health and user activity
- HR Dashboard: Employee metrics and HR tasks

- Member Dashboard: Personal account summary

1.2 Real-Time Monitoring

- Live activity tracking
- Transaction monitoring
- Loan repayment tracking
- Support ticket status

1.3 Quick Actions

- Member search functionality
- Balance inquiry
- Internal transfers
- Statement requests
- Cash management operations

1.4 Summary Widgets

- Cash summary and cashbook ledger
- Loan portfolio overview
- Member statistics
- Pending approvals count
- Daily transaction totals

■ HOW TO USE:

- Login to access your role-specific dashboard
- Click on any widget to drill down into detailed information
- Use the quick search bar to find members or accounts

- Access frequently used functions from the quick actions menu

2. BRANCHES

Manage all branch locations

■ DESCRIPTION:

The Branches module enables management of all branch locations including

creation, configuration, and monitoring of branch operations.

■ KEY FEATURES:

2.1 Branch Creation

- Auto-generated branch numbers
- Branch type selection (MAIN, SUB, MOBILE)
- Operating hours configuration
- Manager assignment

2.2 Branch Management

- View all branches in list or table format
- Edit branch details and contact information
- Activate/deactivate branches
- Region and district management

2.3 Branch Configuration

- Automatic account creation (Vault, Till, Petty Cash)
- Cash-In-Transit (CIT) provider assignment
- Branch hierarchy management

2.4 Branch Status Management

- ACTIVE: Fully operational branch
- PENDING: Awaiting approval
- BLOCKED: Temporarily suspended
- DELETED: Permanently closed

■ HOW TO USE:

| Creating a New Branch:

**1. NAVIGATE TO
BRANCHES > ADD
NEW BRANCH**

**2. FILL IN BRANCH
DETAILS (NAME,
TYPE, LOCATION)**

3. SET OPERATING HOURS

4. ASSIGN A BRANCH MANAGER

**5. CONFIGURE CIT
PROVIDER IF
APPLICABLE**

**6. SUBMIT FOR
APPROVAL**

Editing Branch Details:

**1. GO TO
BRANCHES >
BRANCHES LIST**

**2. CLICK ON THE
BRANCH TO EDIT**

**3. SELECT "EDIT"
OPTION**

**4. UPDATE
REQUIRED FIELDS**

5. SAVE CHANGES

3. MEMBERS

Directory of all members

■ DESCRIPTION:

The Members module manages the complete lifecycle of SACCOS members from

registration through active membership to exit processing.

■ KEY FEATURES:

3.1 Member Registration

- New member application
- Personal information capture
- Document upload and verification
- KYC compliance

3.2 Member Categories

- Individual members
- Group members
- Corporate members

3.3 Member Status Tracking

- ACTIVE: Full membership privileges
- INACTIVE: Dormant membership
- PENDING: Awaiting approval
- BLOCKED: Suspended membership

3.4 Member Management

- View member profiles

- Edit member information
- Member group management
- Bulk member import
- Member history tracking

3.5 Membership Applications

- Application submission
- Application review
- Approval/rejection workflow

■ HOW TO USE:

| Registering a New Member:

**1. GO TO
MEMBERS > ADD
NEW MEMBER**

**2. ENTER
PERSONAL
DETAILS (NAME,
ID, CONTACT)**

**3. UPLOAD
REQUIRED
DOCUMENTS**

**4. SELECT
MEMBERSHIP TYPE/
CATEGORY**

**5. SUBMIT
APPLICATION**

**Processing Member
Applications:**

**1. NAVIGATE TO
MEMBERS >
PENDING
APPLICATIONS**

**2. REVIEW
MEMBER DETAILS
AND DOCUMENTS**

3. VERIFY KYC REQUIREMENTS

4. APPROVE OR REJECT WITH COMMENTS

Bulk Member Import:

**1. GO TO
MEMBERS > BULK
IMPORT**

**2. DOWNLOAD
THE TEMPLATE FILE**

**3. FILL IN
MEMBER DATA**

**4. UPLOAD
COMPLETED FILE**

5. REVIEW AND CONFIRM IMPORT

4. SHARES

Shareholder records and info

■ DESCRIPTION:

The Shares module manages share capital, share accounts, purchases, withdrawals,

and dividend distribution for all SACCOS members.

■ KEY FEATURES:

4.1 Share Account Management

- Open new share accounts
- View share portfolio
- Track share balance
- Share statement generation

4.2 Share Transactions

- Share purchase processing
- Share withdrawal/redemption
- Share transfer between members

4.3 Dividend Management

- Dividend calculation
- Dividend distribution
- Dividend history

4.4 Share Status Workflow

- Awaiting Activation
- Awaiting Approval
- Active Shares

- Declined Shares
- Closed Shares

4.5 Reporting

- Share statement by member
- Share statement by product
- Share withdrawal reports
- Dividend overview reports

■ HOW TO USE:

| Opening a Share Account:

**1. NAVIGATE TO
SHARES > NEW
SHARE ACCOUNT**

**2. SELECT
MEMBER**

**3. CHOOSE SHARE
PRODUCT TYPE**

**4. ENTER INITIAL
SHARE AMOUNT**

**5. SUBMIT FOR
PROCESSING**

Processing Share Purchase:

**1. GO TO SHARES
> ACTIVE SHARES**

**2. SELECT
MEMBER'S SHARE
ACCOUNT**

**3. CLICK
"PURCHASE
SHARES"**

4. ENTER AMOUNT

5. CONFIRM TRANSACTION

Dividend Distribution:

1. ACCESS SHARES > DIVIDEND OVERVIEW

2. SET DIVIDEND CALCULATION PARAMETERS

3. PREVIEW DISTRIBUTION

4. APPROVE AND PROCESS DISTRIBUTION

5. SAVINGS

All savings account types

■ DESCRIPTION:

The Savings module handles all savings account operations including account

opening, deposits, withdrawals, and interest management.

■ KEY FEATURES:

5.1 Savings Account Management

- Open new savings accounts
- Multiple savings product types
- Account status management
- Balance tracking

5.2 Transaction Processing

- Deposits
- Withdrawals
- Internal transfers
- Standing orders

5.3 Interest Management

- Interest calculation
- Interest crediting
- Interest rate configuration

5.4 Mandatory Savings

- Mandatory savings configuration
- Compliance tracking

- Enforcement rules

5.5 Bulk Operations

- Bulk account opening
- Bulk deposits
- Bulk interest crediting

■ HOW TO USE:

| Opening a Savings Account:

**1. GO TO SAVINGS
> NEW SAVINGS
ACCOUNT**

**2. SELECT
MEMBER**

**3. CHOOSE
SAVINGS PRODUCT**

**4. SET INITIAL
DEPOSIT (IF
REQUIRED)**

**5. SUBMIT FOR
ACTIVATION**

Processing Deposits:

**1. NAVIGATE TO
MEMBER'S
SAVINGS ACCOUNT**

**2. CLICK
"DEPOSIT"**

**3. ENTER AMOUNT
AND DESCRIPTION**

**4. SELECT
DEPOSIT METHOD**

5. CONFIRM TRANSACTION

Withdrawals:

1. ACCESS MEMBER'S SAVINGS ACCOUNT

**2. CLICK
"WITHDRAW"**

**3. ENTER
WITHDRAWAL
AMOUNT**

**4. VERIFY
AVAILABLE
BALANCE**

**5. PROCESS
WITHDRAWAL**

6. DEPOSITS

Deposit and transaction history

■ DESCRIPTION:

The Deposits module manages fixed deposit and term deposit accounts, including

account creation, maturity tracking, and interest calculations.

■ KEY FEATURES:

6.1 Deposit Account Types

- Fixed deposits
- Term deposits
- Recurring deposits

6.2 Account Management

- Open deposit accounts
- Set deposit terms and maturity dates
- Track deposit status
- Early withdrawal processing

6.3 Interest Management

- Interest rate configuration
- Interest calculation methods
- Interest payment schedules

6.4 Maturity Management

- Maturity notifications
- Renewal processing
- Maturity payout

6.5 Reporting

- Deposit statements
- Interest earned reports
- Maturity schedule reports

■ HOW TO USE:

| Opening a Fixed Deposit:

**1. NAVIGATE TO
DEPOSITS > NEW
DEPOSIT ACCOUNT**

**2. SELECT
MEMBER**

**3. CHOOSE
DEPOSIT PRODUCT**

**4. ENTER
PRINCIPAL AMOUNT**

**5. SET TERM/
TENURE**

**6. REVIEW
INTEREST RATE**

7. SUBMIT FOR PROCESSING

| Maturity Processing:

1. GO TO DEPOSITS > MATURING DEPOSITS

**2. REVIEW
DEPOSITS DUE
FOR MATURITY**

**3. SELECT ACTION
(RENEW/PAYOUT)**

4. PROCESS ACCORDINGLY

7. LOANS

Manage all loan accounts

■ DESCRIPTION:

The Loans module provides comprehensive loan lifecycle management from

application through disbursement, repayment, and closure.

■ KEY FEATURES:

7.1 Loan Application

- Online loan application submission
- Multiple loan product types
- Loan amount and term selection
- Purpose documentation

7.2 Loan Assessment

- Credit scoring
- Income verification
- Debt-to-income analysis
- Risk assessment

7.3 Collateral Management

- Collateral registration
- Collateral valuation
- Multiple collateral types (Land, Vehicle, Equipment)
- Collateral release processing

7.4 Guarantor Management

- Guarantor assignment
- Guarantor verification
- Guarantor liability tracking

7.5 Committee Review

- Loan committee setup
- Committee meeting management
- Decision recording
- Minutes documentation

7.6 Loan Disbursement

- Approval workflow
- Disbursement processing
- Disbursement methods (Cash, Bank Transfer, Mobile Money)

7.7 Repayment Management

- Repayment schedule generation
- Payment collection
- Early settlement
- Penalty calculation

7.8 Loan Recovery

- Arrears tracking
- Collection efforts
- Restructuring
- Write-off processing

■ HOW TO USE:

| Submitting a Loan Application:

**1. GO TO LOANS >
NEW LOAN
APPLICATION**

**2. SELECT
MEMBER**

**3. CHOOSE LOAN
PRODUCT**

**4. ENTER LOAN
AMOUNT AND TERM**

**5. ADD
COLLATERAL
INFORMATION**

**6. ADD
GUARANTORS**

**7. SUBMIT
APPLICATION**

| Loan Assessment Process:

**1. NAVIGATE TO
LOANS > PENDING
ASSESSMENT**

**2. SELECT LOAN
APPLICATION**

**3. REVIEW CREDIT
SCORE**

**4. VERIFY INCOME
AND DOCUMENTS**

**5. COMPLETE
ASSESSMENT FORM**

**6. FORWARD TO
COMMITTEE**

Committee Decision:

**1. ACCESS LOANS
> COMMITTEE
QUEUE**

**2. REVIEW LOAN
DETAILS**

**3. RECORD
COMMITTEE
DISCUSSION**

**4. ENTER
DECISION
(APPROVE/REJECT/
DEFER)**

**5. ADD
CONDITIONS IF
APPLICABLE**

**1. GO TO LOANS >
APPROVED LOANS**

| Loan Disbursement:

**2. SELECT LOAN
FOR
DISBURSEMENT**

**3. VERIFY ALL
CONDITIONS MET**

**4. CHOOSE
DISBURSEMENT
METHOD**

**5. PROCESS
DISBURSEMENT**

8. ACCOUNTING

Financial records and reports

■ DESCRIPTION:

The Accounting module provides comprehensive financial management including

chart of accounts, general ledger, journal entries, and financial reporting.

■ KEY FEATURES:

8.1 Chart of Accounts

- Account creation and configuration
- Account hierarchy management
- Account categories (Assets, Liabilities, Equity, Income, Expenses)
- Sub-account management

8.2 General Ledger

- Transaction posting
- Ledger inquiry
- Account balances
- Transaction history

8.3 Journal Entries

- Manual journal entries
- Recurring entries
- Adjustment entries
- Entry approval workflow

8.4 Financial Statements

- Trial Balance
- Balance Sheet
- Income & Expenditure Statement
- Statement of Cash Flows
- Statement of Financial Position
- Statement of Changes in Equity

8.5 Accounts Payable

- Vendor management
- Invoice processing
- Payment scheduling
- Payment processing

8.6 Accounts Receivable

- Customer invoicing
- Receipt processing
- Aging reports
- Collection tracking

8.7 Cash Management

- Till management
- Vault management
- Petty cash
- Cash reconciliation

8.8 Asset Management

- Fixed asset register
- Depreciation calculation
- Asset disposal
- Asset revaluation

8.9 Year-End Processing

- Year-end closing
- Profit/Loss transfer
- Opening balance carry-forward

■ HOW TO USE:

| Creating Journal Entry:

**1. NAVIGATE TO
ACCOUNTING >
JOURNAL ENTRY**

**2. SELECT ENTRY
DATE**

**3. ADD DEBIT
ENTRIES
(ACCOUNT,
AMOUNT)**

**4. ADD CREDIT
ENTRIES
(ACCOUNT,
AMOUNT)**

**5. ENSURE DEBITS
EQUAL CREDITS**

6. ADD NARRATION/ DESCRIPTION

7. SUBMIT FOR POSTING

**Generating Financial
Statements:**

**1. GO TO
ACCOUNTING >
FINANCIAL
STATEMENTS**

**2. SELECT
STATEMENT TYPE**

**3. CHOOSE
REPORTING PERIOD**

**4. SELECT
FORMAT
(STANDARD/
ENHANCED)**

**5. GENERATE AND
VIEW REPORT**

**6. EXPORT TO PDF/
EXCEL IF NEEDED**

9. PRODUCTS MANAGEMENT

All available product types

■ DESCRIPTION:

The Products Management module handles configuration and management of all

financial products offered by the SACCOS.

■ KEY FEATURES:

9.1 Product Categories

- Share products
- Savings products
- Deposit products
- Loan products

9.2 Product Configuration

- Interest rate settings
- Fee/charge configuration
- Minimum/maximum amounts
- Eligibility criteria
- Product terms and conditions

9.3 Sub-Product Management

- Create product variations
- Customize for specific member segments
- Special promotional products

9.4 Product Status

- Active products
- Inactive products
- Discontinued products

■ HOW TO USE:

| Creating a New Loan Product:

**1. GO TO
PRODUCTS >
LOANS**

**2. CLICK "ADD
NEW PRODUCT"**

**3. ENTER
PRODUCT NAME
AND CODE**

**4. SET INTEREST
RATE AND
CALCULATION
METHOD**

**5. CONFIGURE
FEES AND
CHARGES**

**6. SET LOAN
LIMITS (MIN/MAX)**

7. DEFINE ELIGIBILITY CRITERIA

8. SAVE AND ACTIVATE

Modifying Product Parameters:

**1. NAVIGATE TO
PRODUCT LIST**

**2. SELECT
PRODUCT TO
MODIFY**

**3. UPDATE
REQUIRED
PARAMETERS**

4. SAVE CHANGES

5. CHANGES APPLY TO NEW ACCOUNTS ONLY

10. PAYMENTS

Outgoing and incoming payments

■ DESCRIPTION:

The Payments module manages all payment transactions including internal

transfers, external payments, and third-party payment integrations.

■ KEY FEATURES:

10.1 Payment Orders

- Create payment orders
- Payment order approval
- Payment execution
- Payment status tracking

10.2 Money Transfers

- Internal transfers (between member accounts)
- External bank transfers
- Mobile money transfers

10.3 Bill Payments

- Utility bill payments
- GEPG (Government) payments
- Third-party bill payments

10.4 Payment Integrations

- GEPG (Government Electronic Payment Gateway)
- Luku (Mobile Money)

- Bank integrations

10.5 Payment Approval

- Multi-level approval workflow
- Approval limits configuration
- Approval tracking

■ HOW TO USE:

| Creating a Payment Order:

**1. NAVIGATE TO
PAYMENTS > NEW
ORDER**

**2. SELECT
PAYMENT TYPE**

**3. ENTER
BENEFICIARY
DETAILS**

**4. ENTER AMOUNT
AND DESCRIPTION**

**5. SUBMIT FOR
APPROVAL**

GEPP Payment:

**1. GO TO
PAYMENTS > GEPG
PAYMENT**

**2. ENTER
CONTROL NUMBER**

**3. ENTER
PAYMENT AMOUNT**

4. VERIFY DETAILS

5. PROCESS PAYMENT

Internal Transfer:

1. ACCESS PAYMENTS > MONEY TRANSFER

**2. SELECT
SOURCE ACCOUNT**

**3. SELECT
DESTINATION
ACCOUNT**

**4. ENTER
TRANSFER AMOUNT**

**5. ADD
NARRATION**

6. SUBMIT TRANSFER

11. HUMAN RESOURCES

HR and staff management

■ DESCRIPTION:

The Human Resources module provides comprehensive HR management including

employee records, attendance, leave, payroll, and recruitment.

■ KEY FEATURES:

11.1 Employee Management

- Employee registration
- Employee profiles
- Department assignment
- Position management
- Employee status tracking

11.2 Attendance Management

- Daily attendance recording
- Attendance reports
- Late/absence tracking

11.3 Leave Management

- Leave types configuration
- Leave application
- Leave approval workflow
- Leave balance tracking

11.4 Payroll Management

- Salary configuration
- Payroll processing
- Deductions management
- Payslip generation

11.5 Recruitment

- Job posting
- Application management
- Interview scheduling
- Hiring workflow

■ HOW TO USE:

| Adding New Employee:

**1. GO TO HR >
EMPLOYEE
MANAGEMENT**

**2. CLICK "ADD
EMPLOYEE"**

**3. ENTER
PERSONAL DETAILS**

**4. SET
DEPARTMENT AND
POSITION**

**5. CONFIGURE
SALARY DETAILS**

**6. SAVE
EMPLOYEE RECORD**

Processing Payroll:

**1. NAVIGATE TO
HR > PAYROLL
MANAGEMENT**

**2. SELECT
PAYROLL PERIOD**

**3. REVIEW
EMPLOYEE
ATTENDANCE**

**4. APPLY
DEDUCTIONS/
ALLOWANCES**

**5. GENERATE
PAYROLL**

**6. APPROVE AND
PROCESS
PAYMENTS**

**1. ACCESS HR >
LEAVE
MANAGEMENT**

| Leave Application:

**2. CLICK "APPLY
FOR LEAVE"**

**3. SELECT LEAVE
TYPE**

4. ENTER LEAVE DATES

5. ADD REASON

6. SUBMIT FOR APPROVAL

12. RECONCILIATION

Account balancing and review

■ DESCRIPTION:

The Reconciliation module enables matching and balancing of internal records

with external bank statements and other financial documents.

■ KEY FEATURES:

12.1 Bank Reconciliation

- Import bank statements
- Match transactions
- Identify discrepancies
- Record adjustments

12.2 Account Reconciliation

- Inter-account reconciliation
- Suspense account clearing
- GL reconciliation

12.3 Discrepancy Management

- Identify mismatches
- Investigate discrepancies
- Resolution tracking

■ HOW TO USE:

| Bank Reconciliation Process:

**1. NAVIGATE TO
RECONCILIATION**

**2. SELECT BANK
ACCOUNT**

3. IMPORT BANK STATEMENT

4. SYSTEM AUTO- MATCHES TRANSACTIONS

**5. REVIEW
UNMATCHED ITEMS**

**6. MANUALLY
MATCH OR
INVESTIGATE**

**7. RECORD
ADJUSTMENTS IF
NEEDED**

**8. COMPLETE
RECONCILIATION**

13. REPORTS MANAGER

Generate and view reports

■ DESCRIPTION:

The Reports Manager module provides comprehensive reporting capabilities with

50+ standard report templates and custom report generation.

■ KEY FEATURES:

13.1 Report Categories

- Daily Operations Reports
- Loan Reports
- Financial Statement Reports
- Member/Client Reports
- Portfolio Analysis Reports
- Risk Analysis Reports
- Compliance Reports
- Committee Reports

13.2 Standard Reports

- Daily Operations Report
- Loan Portfolio Report
- Loan Disbursement Report
- Loan Delinquency Report
- Portfolio at Risk Report
- Capital Adequacy Report
- Financial Ratio Report
- Client Details Report
- And 40+ more...

13.3 Report Features

- Date range selection
- Branch/Department filtering
- Multi-format export (PDF, Excel)
- Report scheduling
- Email distribution

■ HOW TO USE:

| Generating a Report:

**1. GO TO
REPORTS MANAGER**

**2. SELECT REPORT
CATEGORY**

**3. CHOOSE
SPECIFIC REPORT**

**4. SET DATE
RANGE**

**5. APPLY FILTERS
(BRANCH,
OFFICER, ETC.)**

**6. CLICK
"GENERATE"**

7. VIEW ON SCREEN OR EXPORT

Scheduling Reports:

1. ACCESS REPORT CONFIGURATION

**2. SET SCHEDULE
(DAILY, WEEKLY,
MONTHLY)**

**3. SELECT
RECIPIENTS**

4. ENABLE AUTO-EMAIL

5. SAVE SCHEDULE

14. BILLING

Manage billing, invoices, payment processing, and billing cycles

■ DESCRIPTION:

The Billing module manages invoice generation, billing cycles, and payment

processing for SACCOS services and charges.

■ KEY FEATURES:

14.1 Bill Creation

- Create member bills
- Service charge billing
- Fee billing

14.2 Billing Cycles

- Monthly billing
- Quarterly billing
- Annual billing

14.3 Payment Tracking

- Payment receipt recording
- Outstanding balance tracking
- Payment reminders

■ HOW TO USE:

| Creating a Bill:

1. NAVIGATE TO BILLING > CREATE BILL

**2. SELECT
MEMBER**

**3. ADD BILLABLE
ITEMS**

4. SET DUE DATE

5. GENERATE BILL

6. SEND TO MEMBER

15. EXPENSES

Track and manage expenses

■ DESCRIPTION:

The Expenses module tracks and manages organizational expenses with budget

control and approval workflows.

■ KEY FEATURES:

15.1 Expense Recording

- Record daily expenses
- Categorize expenses
- Attach receipts/documents

15.2 Expense Approval

- Approval workflow
- Budget verification
- Multi-level approval

15.3 Budget Tracking

- Budget vs. Actual comparison
- Budget limit alerts
- Expense analytics

■ HOW TO USE:

Recording an Expense:

**1. GO TO
EXPENSES > NEW
EXPENSE**

**2. SELECT
EXPENSE
CATEGORY**

**3. ENTER AMOUNT
AND DATE**

**4. ADD
DESCRIPTION**

**5. UPLOAD
RECEIPT**

**6. SUBMIT FOR
APPROVAL**

| Approving Expenses:

**1. ACCESS
EXPENSES >
PENDING
APPROVAL**

**2. REVIEW
EXPENSE DETAILS**

**3. VERIFY
AGAINST BUDGET**

**4. APPROVE OR
REJECT WITH
COMMENTS**

16. BUDGET MANAGEMENT

Plan and track budgets

■ HOW TO USE:

| Creating Annual Budget:

■ DESCRIPTION:

The Budget Management module enables budget planning, allocation, monitoring, and variance analysis across departments.

■ KEY FEATURES:

16.1 Budget Planning

- Annual budget creation
- Department-wise budgets
- Budget item management

16.2 Budget Allocation

- Allocate funds to departments
- Budget transfers
- Reallocation requests

16.3 Budget Monitoring

- Real-time tracking
- Budget vs. Actual
- Variance analysis
- Budget alerts

16.4 Scenario Planning

- Multiple budget scenarios
- Budget versioning
- What-if analysis

**1. NAVIGATE TO
BUDGET > NEW
BUDGET**

**2. SET BUDGET
YEAR**

**3. ADD BUDGET
LINE ITEMS**

**4. ALLOCATE
AMOUNTS**

5. SUBMIT FOR APPROVAL

Budget Monitoring:

1. ACCESS BUDGET DASHBOARD

**2. VIEW BUDGET
UTILIZATION**

**3. IDENTIFY
VARIANCES**

4. TAKE CORRECTIVE ACTIONS

17. INSTITUTION SETTINGS

System settings and config

■ DESCRIPTION:

The Institution Settings module provides system configuration, organization

setup, and administrative settings management.

■ KEY FEATURES:

17.1 Organization Profile

- Institution details
- Logo and branding
- Contact information
- Operating parameters

17.2 Account Configuration

- Main account setup
- Vault accounts
- Till accounts
- Petty cash accounts

17.3 Committee Management

- Committee setup
- Member assignment
- Meeting management

17.4 System Configuration

- System parameters
- Email settings
- SMS settings
- Integration settings

17.5 Data Management

- Data migration tools
- Backup configuration
- Data cleanup

■ HOW TO USE:

| Updating Institution Profile:

**1. GO TO
SETTINGS >
ORGANIZATION
SETTINGS**

**2. UPDATE
INSTITUTION
DETAILS**

**3. UPLOAD LOGO
IF NEEDED**

4. SAVE CHANGES

| Configuring System Accounts:

**1. NAVIGATE TO
SETTINGS >
ACCOUNTS SETUP**

2. CONFIGURE VAULT ACCOUNTS

3. SET UP TILL ACCOUNTS

**4. CONFIGURE
PETTY CASH**

**5. SAVE
CONFIGURATION**

18. TRANSACTIONS

1. NAVIGATE TO TRANSACTIONS

View and manage all financial transactions, transfers, and history

■ DESCRIPTION:

The Transactions module provides a unified view of all financial transactions

across the system with search and filtering capabilities.

■ KEY FEATURES:

18.1 Transaction Viewing

- View all transactions
- Filter by date range
- Filter by transaction type
- Filter by account

18.2 Transaction Search

- Search by reference number
- Search by amount
- Search by member

18.3 Transaction Details

- View full transaction details
- View related transactions
- Transaction audit trail

■ HOW TO USE:

| Searching Transactions:

**2. ENTER SEARCH
CRITERIA**

**3. APPLY DATE
RANGE FILTER**

4. VIEW RESULTS

**5. CLICK
TRANSACTION FOR
DETAILS**

19. SELF SERVICES

User self-service options

■ DESCRIPTION:

The Self Services module provides employee self-service capabilities for various HR-related requests and information access.

■ KEY FEATURES:

19.1 Leave Requests

- Apply for leave online
- View leave balance
- Track request status

19.2 HR Requests

- General HR requests
- Training requests
- Travel requests
- Overtime requests

19.3 Payslip Access

- View payslips online
- Download payslips
- Payslip history

19.4 Other Requests

- Materials/Equipment requests
- Resignation submission

■ HOW TO USE:

■ Submitting Leave Request:

1. GO TO SELF SERVICES > LEAVE REQUEST

**2. SELECT LEAVE
TYPE**

**3. ENTER START
AND END DATES**

4. ADD REASON

**5. SUBMIT
REQUEST**

6. TRACK APPROVAL STATUS

Accessing Payslips:

1. NAVIGATE TO SELF SERVICES > PAYSLIP

**2. SELECT PAY
PERIOD**

**3. VIEW OR
DOWNLOAD
PAYSIP**

20. ACTIVE LOANS

View all current loans

■ DESCRIPTION:

The Active Loans module provides specialized views and management tools for

monitoring active loan portfolios and handling problem loans.

■ KEY FEATURES:

20.1 Loan Portfolio View

- All active loans listing
- Filter by status
- Filter by loan officer
- Filter by branch

20.2 Arrears Management

- Arrears tracking
- Arrears by amount
- Arrears by days overdue
- Collection management

20.3 Early Settlement

- Settlement calculation
- Settlement processing
- Penalty waiver requests

20.4 Loan Restructuring

- Restructure requests
- Term extension
- Interest rate modification

- Payment rescheduling

20.5 Write-Off Management

- Write-off proposals
- Board approval workflow
- Write-off processing
- Recovery tracking

■ HOW TO USE:

| Viewing Arrears:

**1. NAVIGATE TO
ACTIVE LOANS >
ARREARS**

**2. SELECT VIEW
TYPE (BY AMOUNT/
DAYS)**

**3. FILTER BY
BRANCH IF NEEDED**

**4. REVIEW
ARREARS LIST**

**5. TAKE
COLLECTION
ACTION**

**1. GO TO ACTIVE
LOANS >
RESTRUCTURING**

| Processing Loan Restructuring:

**2. SELECT LOAN
FOR RESTRUCTURE**

**3. ENTER NEW
TERMS**

**4. SUBMIT FOR
APPROVAL**

**5. PROCESS UPON
APPROVAL**

21. MOBILE & WEB PORTAL

Manage mobile and web portal settings

1. ACCESS THE MEMBER PORTAL URL

■ DESCRIPTION:

The Mobile & Web Portal module manages the member-facing portal for online

banking and self-service capabilities.

■ KEY FEATURES:

21.1 Member Portal Access

- Member login
- Password management
- Security settings

21.2 Portal Services

- Account balance inquiry
- Transaction history
- Mini statements
- Loan applications
- Request submissions

21.3 Portal Configuration

- Enable/disable features
- Customize portal appearance
- Set access limits

■ HOW TO USE:

■ Member Portal Login:

**2. ENTER MEMBER
CREDENTIALS**

**3. COMPLETE 2FA
IF ENABLED**

**4. ACCESS
ACCOUNT
DASHBOARD**

Portal Administration:

**1. GO TO
SETTINGS >
MOBILE & WEB
PORTAL**

**2. CONFIGURE
AVAILABLE
SERVICES**

**3. SET
TRANSACTION
LIMITS**

**4. ENABLE/
DISABLE FEATURES**

**5. SAVE
CONFIGURATION**

22. SUBSCRIPTIONS

1. NAVIGATE TO SUBSCRIPTIONS

Manage system subscriptions and plans

■ DESCRIPTION:

The Subscriptions module manages subscription plans and member subscription

tracking for premium services.

■ KEY FEATURES:

22.1 Subscription Plans

- Define subscription plans
- Set subscription pricing
- Configure plan features

22.2 Member Subscriptions

- Track active subscriptions
- Process renewals
- Handle cancellations

■ HOW TO USE:

Managing Subscriptions:

**2. VIEW ACTIVE
SUBSCRIPTIONS**

**3. PROCESS
RENEWALS OR
CANCELLATIONS**

4. GENERATE SUBSCRIPTION REPORTS

23. APPROVALS

Approval workflows and status

■ DESCRIPTION:

The Approvals module manages all approval workflows across the system including

configuration, processing, and tracking.

■ KEY FEATURES:

23.1 Approval Matrix

- Define approval levels
- Set approval limits
- Configure approval hierarchy

23.2 Process Codes

- Define process types
- Link to approval matrix
- Configure escalation rules

23.3 Approval Processing
